FIT TIGHT FASTENERS PVT. LTD.

# WELCOME TO **FTF**

## We understand the importance of **innovation and professionalism**

Established in 1997 and located in the heart of Metoda GIDC Rajkot, FIT TIGHT FASTENERS PVT LTD has grown to become a leading name in the manufacturing of high-quality fasteners.

Over the past two decades, we have specialized in producing both standard and customized special fasteners, including brass fasteners, bolts, socket heads, weld bolts, and nuts. Our products are designed for a wide range of applications across industries such as the automobile sector, casting industry, electro-electronic industry, and various other engineering fields.

At FIT TIGHT FASTENERS, we believe that our people are our greatest asset. Our team comprises highly skilled and experienced professionals dedicated to delivering exceptional workmanship and adhering to stringent quality policies. This dedication ensures that every product we manufacture meets the highest standards of accuracy and reliability.
